# Judging Schedule

# JUDGING SEQUENCE

# SCHEDULE OF POINTS / CALIFORNIA, Division 9 Effective May 18, 1993.

- The Points towards a Championship are awarded to the Winners Dog and Winners Bitch of each breed or variety based on the actual number of dogs or bitches competing in that breed or variety.
- In calculating championship points, if the Winners Dog or Winners Bitch also wins Best of Breed/Variety, the dogs of both sexes entered for Best of Breed/Variety and defeated, are counted in addition to the dogs that competed in the regular classes for its sex.
- If the dog designated Winners Dog or Winners Bitch is also awarded Best of Opposite Sex, the dogs of its own sex that have been entered for Best of Breed/Variety that are defeated in competition for Best of Opposite Sex, shall be counted in addition to the dogs that competed in the regular classes for its sex.
- After points are computed for Winners Dog and Winners Bitch subject to the above two stipulations, the dog awarded Best of Winners is credited with the points for Winners Dog or Winners Bitch, whichever is greater.
- In counting the number of eligible dogs in competition, a dog that is disqualified, dismissed, excused or ordered from the ring by the judge, or from which all awards are withheld is not included. Any dog which wins fifteen points becomes a Champion of Record, if six or more of said points are won at two shows with a rating of three or more championship points each and under two different judges, and some one or more of the balance of said points is won under some other judge or judges than the two judges referred to above.

Changes may be given before the day of the Show.

## NOTICE TO EXHIBITORS

This Show is governed by the American Kennel Club. Exhibitors should read the AKC agreement on the back side of the entry blank in the Premium List.

### ADDITIONAL RULES

#### ENTRY INFORMATION

1. Fees must accompany entries. This club and/or its superintendent assume no responsibility for wrong or incomplete information given on the entry blank by the owner or agent of the owner. This club and its superintendent assume no responsibility for the owner or the owner's agent entering a dog in a class in which the dog is not eligible to compete, or for entering the same dog twice.

2. Entry fees will NOT be refunded if a dog is absent, disqualified, sick, lame, excused by veterinarian or judge, or because it has been entered incorrectly. There is no refund of the entry fee for bitches in season; bitches entered for breed competition are eligible to be shown. There is no refund for duplicate entries.

3. Declination of Entries. The Kennel Club may decline any entries for cause and may refuse to receive or may remove any dog on account of disease, viciousness or other causes and no one shall have any claim or recourse against the Kennel Club or any official thereof.

4. If, because of riots, civil disturbances or other acts beyond the control of the management, it is impossible to open or complete the show, no refunds will be made.

5. Effective for all shows held on or after July 1, 1980, dogs which according to their owners' records have completed the requirements for a championship after the closing of entries for a show, but whose championships are unconfirmed, may be transferred from one of the regular classes to the Best of Breed or Variety competition, provided this transfer is made by the Superintendent at least one half hour before the start of any regular conformation judging at the Show.

#### JUDGING

1. Judging will start promptly. During the hours of judging, owners are to be on call, and have their dogs ready to bring into the judging ring promptly, in order that the judging will not be delayed. Dogs need only to be present for their judging. Dogs not needed for further judging may be excused. DO NOT BRING ANY DOGS THAT ARE NOT ENTERED. There is no provision for unentered dogs at this show.

2. It is the responsibility of the exhibitor to have his dog ready to be shown and at the entrance of the judging ring when the steward calls for the class. Owners or agents of the dog alone are responsible for the presence of their dogs in the judging rings. There is no rule that requires the judge to wait for a late dog.

3. All dogs must be on leash at all times while on the show premises, except when in an exercise pen.

4. All prizes will be awarded in the ring. The Club reserves the right to substitute any trophy with one of greater or equal value if conditions make it necessary.

#### LOSS OR DAMAGE

1. MANAGEMENT IS NOT RESPONSIBLE FOR THE LOSS OF, DAMAGE TO, OR DEATH OF ANY DOG EXHIBITED, OR FOR THE POSSESSIONS OF ANY PARTICIPANT, WHETHER THE RESULT OF ACCIDENT OR ANY OTHER CAUSE. IT IS EXPRESSLY UNDERSTOOD THAT EVERY DOG AT THIS SHOW IS IN THE CARE AND CUSTODY AND CONTROL OF HIS OWNER OR HANDLER DURING THE ENTIRE TIME THE DOG IS ON THE SHOW PREMISES.

2. DO NOT LEAVE ANY DOGS IN CLOSED VEHICLES.

3. The welfare of an exhibitor's child is the responsibility of the exhibitor. It is expressly understood that exhibitors will exercise control and restraint over their children on the day of the Show.

# Sporting Breeds

# SPORTING DOGS

Three types of gundogs are used by the hunter in the field.

Pointers and Setters locate upland game afield for the hunter by either "pointing" the nose toward the scent, or by "setting" which is assuming a rigid stance.

Retrievers bring killed or wounded game back to the hunter.

Spaniels, long or dense-coated breeds, work close to the gun in rough cover, locating, flushing and retrieving game.

There are 26 breeds in the Sporting Group.

# Hound Breeds

# HOUND DOGS

Sporting Hounds, man's indispensable partner in the pursuit of game, were developed before man came to depend on firearms. Hounds come in many sizes and shapes, bred for work with game in places as varied as the Arctic and Africa.

Basically the hounds are known by how they track game: sight or scent. Afghans, Salukis, and others of the Greyhound family locate their game by sight and with their remarkable speed run it to ground. Others like the Foxhound, Basset or Bloodhound trail by scent, giving voice all the while so the hunter can follow. Dachshunds kill underground and Otter Hounds in the water.

There are 25 breeds in the Hound Group.

- Afghan Hounds
- Basenjis
- Basset hounds

# Working Breeds

# WORKING DOGS

Although these breeds are sometimes expected to double as hunters, their principal service has been to assist man in his daily work. They have traditionally guarded man's home and his stock, served as drovers, all-around farm dogs and draft animals. Today they also serve as guard dogs, police and border patrol dogs, guide dogs for the blind and dogs of war.

Because of the wide variety of uses for the dogs in this group, there are great differences in appearance. Most, however, are powerfully built and unusually intelligent.

There are 19 breeds in the Working Group.

# Terrier Breeds

# TERRIER DOGS

From the Latin word terra (earth) comes our word "terrier" describing dogs with stamina, unwavering determination, and courage to go to ground after their game.

The Terriers vary in size and form; bred to route out and kill vermin such as foxes, weasels, and rats, they have been crossed with mastiff breeds to produce hunters and guard dogs with terrier aggressiveness, courage and determination, as well as unmatched loyalty and devotion to their owners.

There are 26 breeds in the Terrier Group.

- Airedale Terriers
- American Staffordshire Terriers
- Australian Terriers
- Bedlington Terriers
- Border Terriers
- Colored Bull Terriers
- White Bull Terriers
- Cairn Terriers
- Dandie Dinmont Terriers

# Toy Breeds

# TOY DOGS

Bred down to pocket size, Toy dogs are popular in city and suburban households. Their special quality is their diminutiveness which when coupled with healthy bodies and happy temperaments makes them ideally suited as the family pet.

They often resemble their larger cousins in miniature form: the Pomeranian, unmistakably a Nordic dog; the Papillon, a little Spaniel; the Toy Poodle, a tiny replica of dogs once used as retrievers in the field.

There are 20 breeds in the Toy Group.

# NON-SPORTING DOGS

At the earliest dog shows only dogs used for sporting purposes were exhibited. Later, the rarer breeds were shown in what was called a "non-sporting" category.

As time went by this group was divided into other categories: the toy dogs, the working dogs, the terriers, and the hounds. The Non-Sporting designation remained for those dogs who outlived their original purpose, such as the Bulldog, developed for bull-baiting, or the Dalmatian, a coach dog. These and other non-sporting dogs are interesting as examples of a heritage from the past.

Though developed for other times, these dogs continue to be among the most popular of breeds.

There are 16 breeds in the Non-Sporting Group.

- Bischo Frise
- Boston Terriers
- Bulldogs
- Chinese Shar-Peis
- Chow Chows
- Dalmatians
- Finnish Spitz
- French Bulldogs
- Keeshonden
- Lhasa Apsos
- Miniature Poodles
- Standard Poodles
- Schipperkes
- Shiba Inu
- Tibetan Spaniels
- Tibetan Terriers

# HERDING DOGS

The herding instinct that made the wolf a successful hunter was recognized by man and adapted to his advantage. Domesticated and specialized through selective breeding, they evolved into the herding dogs that made successful farming possible. The great agricultural lands could never have been settled without him, and to this day he works side by side with man. These dogs are agile in movement, anticipating every move, able to turn in an instant, acting on their own or in response to a signal, "eyeing" their flock into obedience. Even those whose versatility extends to working as draft animals or guard dogs may be powerfully built, but never are they cumbersome.

There are 16 breeds in the Herding Group.

- Australian Cattle Dogs
- Australian Shepherds
- Bearded Collies
- Belgian Malinois
- Belgian Sheepdogs
- Belgian Tervuren
- Bouvier des Flandres
- Briards
- Rough Collies
- Smooth Collies
- German Shepherd Dogs
- Old English Sheepdogs
- Pulik
- Shetland Sheepdogs
- Cardigan Welsh Corgis
- Pembroke Welsh Corgis

## BE INFORMED

The American Kennel Club wants to make you aware that there are people in this country who have launched a well-organized campaign to take away your rights to breed and own pure-bred dogs. These people are members of those extreme animal rights groups that think no one should "own" a companion animal.

There is a substantial difference between animal rights and animal welfare. Animal *rights* extremists are advocating the end of pure-bred dogs. Animal *welfare* asks that we provide proper care and love for the entire life of our dogs. Remember that not all animal rights people are extremists. The common ground is that no one wants to see dogs suffer. The American Kennel Club supports the best premises of animal welfare and is opposed to any group trying to take away your right to be responsible breeders and owners. The AKC has many new and exciting programs addressing these issues, but we need the support and cooperation of the entire fancy to have maximum impact.

Please take the time to learn the hidden agendas of any organization when you donate time or money. Some of the very organizations that are opposed to companion animal ownership receive daily donations from dog fanciers. Also, learn about the laws that effect dog ownership where you live. Make certain your dogs are secure at all times, especially during dog shows. And perhaps most important, join your local dog federation or organize one if one does not exist in your area.

The American Kennel Club can help you become informed. For more information about AKC positions on current canine issues, breeding bans, legislation, or responsible breeding, write to us.
